

Imperator Sails Away to Bring Back Troops.

The former German liner Imperator, second only in size to the giantess Leviathan, sailed for Brest yesterday to load troops. She was commanded by Capt. Casey B. Morgan, who was transport officer in Hoboken. There were 150 passengers on the Imperator, most of them army men and war workers, Lieut. Col. Stephen Winifred, to become Military Attache at Prague, the new capital of Czechoslovakia.

EGGS AND BUTTER FORCED LOWER BY EVENING WORLD

Food Staples Drop to More Reasonable Prices as Supplies Increase.

By F. Q. Foy.
(Special Food Expert of The Evening World.)

Another big drop in wholesale prices of butter and eggs was recorded today as the direct result of the publicity given by The Evening World to the artificial market conditions precipitated by speculators in the last six weeks.

Eggs were quoted today at 45 to 50 cents a dozen retail. Best creamery butter is quoted at 55 to 58 cents a pound. Receipts of eggs since Monday are 132,000 cases. The usual weekly consumption of eggs at this time of the year is 90,000 cases. Dealers are up against the problem of providing sufficient space to store eggs, which are bringing the lowest

prices wholesale in two years. Butter was bringing six cents more a pound wholesale one week ago.

Good medium steers were offered wholesale at 18 to 20c, while the finest cattle were urged to sell at 21 to 21½c, with common steers and heifers in abundance, and pressed to sell at 16 to 17c. Hinds and ribs declined to 23 to 24c, on good medium steers, while only the finest sold at 25 to 26c. Forequarters and chuckers of beef were much lower in proportion than the more costly parts of the steer.

Housewives should avail themselves of the cheaper cuts of beef and let the high-priced cuts go to those that don't object to price.

The market basket should be filled at the end of the week at the lowest price in months; housewives should purchase the cheaper foods and leave pork, poultry and other very high-priced foods alone. At present wholesale prices, sirloin steak should not cost over 27 to 42c, and prime rib roast can be sold at a big profit to the retailer at 35 to 45c, while rib roast, chuck should not cost the consumer more than 25 to 30c. Consumers should insist that retailers give them the benefit of the lower prices, as the light Texas steers are now coming into the market and there will be no let up in the supply from that source for months. The heavy Western cattle will commence to come here in August.

Old potatoes are offered at \$4 to \$4.25 per 100 pound bag, which is less than 10c a pound. Consumers should use these old potatoes more freely as long as they last, as the quality is still desirable.

Vegetables of all kinds, tomatoes, asparagus and cabbage are in abundant supply and cheap.

Fresh fish are cheaper again this

INSPECTOR JACOBS, NOTED POST OFFICE OFFICIAL, IS DEAD

Great Detective Trapped Many Criminals During His 30 Years of Service.

Post Office Inspector Joseph E. Jacobs, one of the greatest detectives in the world, died this morning after a illness of six months, in his home, No. 151 Wilson Avenue, Flushing, L. I.

Inspector Jacobs was sixty-eight years old and had been an inspector for thirty years. His partner, Christopher C. James, died two years ago from the effects of a fall in the Hudson tube. The two men had been engaged in the most intricate cases that ever came before the Post Office Department. Jacobs, in particular, did more work than any other man in the service.

He was a terror to the yeggmen who had the hardihood to tamper with Uncle Sam's strong boxes, and he and his partner went all over the country after these worthies. He landed the best known of them either in the penitentiary or in the electric chair. Among those he sent away were Leadville Jimmy, Bangor Bill, "Buck" Stallard and Topeka Joe. He sent "Goat" Hinch, "Whitey" Sullivan and others to the chair.

Inspector Jacobs solved the mystery of the theft of \$400,000 worth of bonds from a mail pouch locked in a mail car on a Jersey City ferryboat, and also of the smaller theft of \$50,000 worth of jewels. He arrested the criminals in both cases and landed them in prison. While the late Col. Roosevelt was President, Inspector Jacobs always accompanied him on his tours.

OPEN MONDAY AND SATURDAY EVENINGS

Says Thick Sluggish Blood Should Be Purified

A Greasy, Pimply Skin, a Foul Odor to Perspiration, Boils and Aches and Pains All Banished by Sulphur Tablets. Like Grandma's Remedy for Spring.

Take these tablets made of sulphur, cream of tartar, calcium sulphide and extracts of rare herbs and take regularly for a month or so, and you can drive the poisons out of your system. Sulphur Tablets are wonderful to overcome constipation, sluggish liver and kidneys and they quickly start all the eliminative organs working. They "flush the system," as it were, and you will feel their fine effects all through spring and summer. Headaches, constipation, neuralgia, rheumatic pain, constipation and kindred ailments due to poisons in the blood, all go, the skin clears, pimples and boils are absorbed and pass out through the proper waste channels. Every package is guaranteed so you can prove it easily. Good for children and adults. All druggists 60c per sealed tube. Get Sulphur Tablets (not sulphur tablets).—Adv.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty)

Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove the hairs, make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and it will be left free from hair or blennis. To avoid disappointment, be quite certain you get real delatone.—Adv.

MANDO

The most potent, quickest depilatory. Removes hair from face, neck, arms or legs. Part of the body, leaving the skin soft and smooth. Sample, 10c. Large bottle, \$1.00. Sold by all Drug and Dept. Stores. Josephine Le Fevre Co., Philadelphia

Men of Business Integrity

An Editorial by A. W.

Some of us believe that if federal might were expended upon making straight the very corrugated business methods that exist in generous measure in this country—instead of effecting medical changes in our food and drink—the nation as a unit might go up to the head of the class in efficiency.

Up to the moment the Government has not started a general movement in this direction. But more than ten years ago a small band of men got together in Chicago and pledged themselves to straight business methods and frank business association. They started an organization which has become famed, all over the world, for unadulterated business integrity. It is called ROTARY.

There are 450 Rotary Clubs in as many cities of the world. They are clubs composed of one man in each representative line of business. In small towns the club roster is as low as fifty. The Rotary Club of New York has 255 members.

A business man who joins Rotary adopts its motto—"He Profits Most Who Serves Best"—and practises it in his daily business life to the best of his ability. The buying public is assured that business transacted with a member of Rotary is clean, free from exaggeration and sleek adroitness. With every transaction goes an unwritten guarantee of integrity.

The fourth year of the Rotary Newspaper Page, subscribed for by men in business in New York City, who are Rotary members, begins at this time. Every business house represented in these columns is an organization of high repute.

The editorial space in the page is devoted to Rotary Activities. This body of men, not content with establishing their own position of integrity, has moved to adopt great philanthropic works which will tend to improve the country in which they live. The first big movement which they have recently launched is Boys' Work.

Boys' Work is for the benefit of the Underprivileged Boy of New York City. The lad whose home is practically on the street, who has never had a chance to grow up to be a healthy, decent man; who eventually is destined to fill our reformatories and penitentiaries. Boys' Work is going to be morally and financially supported by the Rotary Club of New York. The Club is going to enlist the co-operation of every other club and business organization. And the Fund so established will be devoted, in its entirety, to the building of Boys' Clubs, Summer Camps, Playgrounds and Athletics for the Underprivileged Boy. In ten years' time the boy will be a voter. What more logical, or more human way is there to make him a decent citizen than by showing him how to be normal and decent when a boy?

Your interest and your support as an American who is hopeful for betterment of his country is asked by the Rotary Club of New York. The advertisers on this page are all giving their earnest efforts to Boys' Work. By patronizing them, you will, indirectly, help the great movement.
